Patroon desktop buddy Gingerbread mannetje

This pattern is with love and attention designed. It is part six of a serie desktopbuddy's off.

Tips!

- You can place bord paper in the bottom off the body, so it can stand.
- Do you want to hang your buddy? Chain 25 and sew it on the head. Now you can hang your buddy.

Explanation back post double crochet (BPdc)

Yarn over just like you will do if you were making a double crochet
Insert your hook through the back of your work, across the front of the indicated stitch, then through your work again, such that the hook is at the back of your work again. It will look like this from the front: Now finish your double crochet as you normally would: yarn over, pull up a loop, yarn over, pull through 2 loops on your hook, yarn over, pull through the final 2 loops on your hook.

Assembling

Pull the yarn – from the head – with little stiches trough the head to make the head flatter. Do this with little stiches and careful. Prevent getting it to flat.

Be gentle.

Sew with white yarn glacing on the head – around – and a little curl (photo 2 & 3)

Sew the arms and head on the body and give the body some beading (photo 5)

CROCHET TIPS !

The amigurumi figures are crochet in on going spiral. If crochet in rows I will mention it in the pattern.

The colors yarn I used are just a hint. You always can use other colors. That is why I stopped telling which brand yarn I use. Except when I want to have a special effect.

I always use 100% cotton yarn or acryl when it must be fluffy.

BLOG

www.dutchamigurumi.wordpress.com

I am a Dutch designer off amigurumi and since 2012 active on social media. I crochet since 2003 and learned it myself by YouTube. Since I discovered the Japanese amigurumi, I am hooked :) . In Dutch there were, in 2003 not many patterns, so I tried to design them myself.

In 2012 I started my own blog and in 2018 this moved to: www.dutchamigurumi.wordpress.com

My patterns are all written in Dutch. Some of them are in English and in German. Most are free download on my blog or Ravelry. I also publicize in magazines. These patterns are for sale of they will be released as free pattern after a year.
